

# WHEN STARTING A SMALL BUSINESS, INSURANCE NEEDS ARE Front & Center.

## *Find Out the Types of Insurance Needed: A Workshop*

Since insurance needs are front and center when you start a business, you'll need the right consultant to guide you through the "must haves" and the "might want to haves" when you start a small business.

In this workshop, Insurance Management Group will present different types of business insurance, property, liability, auto, workers compensation, employment practice, employee benefits, and specialty lines.

*Protect your business  
the smart way and  
plan for the future.*

**Erin J. Burnside**, Operations Manager  
Insurance Management Group

## *When*

Thursday, August 25, 2016  
11:00 A.M. – 1:00 P.M.
