This site includes all statewide term contracts available for use by all state agencies as well as contracts awarded by the Procurement Services Division on behalf of an individual agency.

Under state procurement law, individual agencies have authority to conduct some procurement activity, typically for smaller purchases. Currently many of these contracts are not part of this database because not all agencies have transitioned to the S.C. Enterprise Information System. Full implementation of the SCEIS procurement system is expected to be complete in 2010. If you cannot find the information your are seeking or have other questions, please call (803) 737-0600 for more information.

Public sector buyers are reminded that not all contracts listed on this site are available for all governmental entities.

For more information on state procurement laws and regulations, go to www.procurement.sc.gov
