9. **3101 Lindsay Street** (TMS#09105-18-10) Request for Certificate of Design Approval for addition, exterior changes. *Earlewood Protection Area*

Staci Richey, preservation planner, presented on the request. The applicant is requesting a dormer addition on the front plane of the main roof and a side addition on the right side of the building. The property is on a corner lot and clearly visible from all locations.

Nathan Schoch, homeowner, spoke on his request.

Dan Elswick, neighborhood resident, agreed with staff comments.

Motion by Mr. Hyler to recommend approval of the Certificate of Design Approval for 3101 Lindsay Street subject to the following conditions:

- that the dormer on the front façade be pushed back to not be flush with the gable above the front door;
- that the side addition have a pitch of 4/12 and altered to a hip roof;
- that there are special circumstances due to the basement retaining wall that allow the addition to be built flush to that wall;
- a brick veneer “column” be added to the front right corner that is two bricks wide; and
- all details deferred to staff.

Motion seconded by Mr. Powell.

As an amendment to the motion, Mr. Wynn noted these are guidelines from Section 8.

Motion amended by Mr. Hyler to include the ability that the dormer may be placed on the rear should it not be able to be minimized on front.

Mr. Powell seconded both amendments to the original motion. Motion approved 6-0.

10. 1121 Daly Street (TMS#13004-13-05) Request for Certificate of Design Approval for exterior changes. *Melrose Heights/Oak Lawn Architectural Conservation District*
