

Uses include characteristics such as:

- Landscape buffers
- Tree preservation
- Curvilinear, sometimes non-connected street patterns
- On-street parking allowed
- Small/Medium setback maximums
- Limited to no alleys
- Concentration of commercial activity along corridors and/or in nodes

It is the intent of the Suburban designation to provide and protect largely residential neighborhoods.

PROPOSED ZONING DISTRICT SUMMARY

The parcel is currently zoned C-1 (Office and Institutional), C-3 (General Commercial), RG-2 (General Residential). The adjacent lot to the west is zoned PUD-R, the lot to the north RG-2, and the lots to the south and east are zoned C-3, respectively.

The C-3 district is intended to accommodate a variety of general commercial and nonresidential uses characterized primarily by retail, office and service establishments and oriented primarily to major traffic arteries or extensive areas of predominantly commercial usage and characteristics.

It is not the intent of this article to encourage the development of long, narrow strips of commercial development fronting on major arteries, often referred to as strip commercial areas. Such development is often incompatible with adjacent uses and may lead to the eventual formation of commercial slums, damage the traffic-carrying capacities of streets, increase congestion, lead to depreciation of property values in adjacent areas, encourage undue dispersion of commercial facilities to the inconvenience of the public, and create disproportionate costs in the provision of governmental services.

STAFF RECOMMENDATION

No structure shall be constructed when it is included within two or more zoning districts. A portion of the parcel is already zoned C-3, and the applicant states that designation is adequate for future plans. Staff recommends to approve with C-3 zoning.
