PLANS, POLICIES, AND LAND USE

Urban Service Area

Subject parcels are in a “Primary Area” as identified in the Urban Service Area Map

Principles and Goals of the Urban Service Area

The Urban Service Area identifies those areas it wishes to provide with urban services. Primary emphasis will be given to annexing developed areas adjoining the city limits and “islands” of unincorporated territory surrounded by the city. Primary, secondary, and long-range annexation priorities for specific areas may be identified. Secondary areas may include higher value properties which assist the City in achieving a more balanced economic base.

Primary Areas are made up of land contiguous to the City where services are available and the infrastructure is generally good. These services include fire, police, sanitation, and utilities. Primary areas are intended to indicate that, barring unanticipated circumstances, annexation is recommended and should be actively pursued.

The Columbia Plan 2018: Comprehensive Plan Land Use Classification

Subject parcel is in the “Suburban” designation in The Columbia Plan 2018 Future Land Use Map.

Under this classification, land uses are:

- Low/medium density
- Mixed income

Uses include characteristics such as:

- Landscape buffers
- Tree preservation
- Curvilinear, sometimes non-connected street patterns
- On-street parking allowed
- Small/Medium setback maximums
- Limited to no alleys
- Concentration of commercial activity along corridors and/or in nodes

It is the intent of the Suburban designation to provide and protect largely residential neighborhoods.

PROPOSED ZONING DISTRICT SUMMARY

The parcel is currently zoned M-1 (Light Industrial) in Richland County. The adjacent lots were also zoned M-1 in Richland County, and are now M-1 in the City of Columbia.

The M-1 district is intended to accommodate wholesaling, distribution, storage, processing, light manufacturing and general commercial uses. Certain related structures and uses required to serve the needs of such uses are permitted outright or are permissible as special exceptions subject to restrictions and requirements intended to best fulfill the intent of this article.

STAFF RECOMMENDATION
