Dear Property Owner:

The City of Columbia is evaluating the possibility of pursuing funding through various federal grants that will be used to mitigate against the effect of future flood events. If you are interested in exploring your options for reducing your flood losses deemed as structural damages by taking part in our Flood Mitigation Property Acquisition Program, please complete the attached **Notice of Voluntary Interest Form** to the best of your ability. Signing the form only indicates your interest and does not commit you to any action, but if you do not sign and return this form, your property will not be considered for acquisition. Signing this form does not guarantee that the City of Columbia will acquire your property nor is it a guarantee that your property will meet all of the eligibility criteria for the Acquisition Program. Your property must meet one (1) or more of the following minimum eligibility criteria in order to be considered for property acquisition:

1. Repetitive property loss (as defined by FEMA).
2. Structures that were substantially damaged by the October 2015 floods.
